

2021 USED (Dual Motor) Long Range Auto 4WDE 4dr

color:

Mileage:

15682

Transmission:

Automatic

Price:

£22,058.00

Registration:

GL21YMF

Fuel:

Electric

With only one owner and very low mileage for its year, this 2021 Tesla Model 3 Long Range is an exceptional find. As an electric car with four-wheel drive, this model combines performance with efficiency. The Long Range trim includes keyless entry and remote control via an app, front parking sensors with parking assistance, air conditioning, keyless go, and blind spot information. The Tesla Model 3 boasts a large boot space, making it more practical than similar vehicles. The battery has a total capacity of 78 kWh, offering a maximum range of 360 miles when new, so you can enjoy longer journeys with fewer stops. Charging at home using a 7kW charger takes approximately 12 hours for a full charge. For quicker top-ups, the fastest public charging time from empty to 80% is just 26 minutes.
