27

Transmission:

Automatic

Price:

£19,999.00

Registration:

LG24TKO

Fuel:

Electric

The 2024 Fisker Ocean Touring Range Sport, in Sport trim, is an electric car that combines innovative features with practicality. Having had only one owner and with very low mileage of just 27 miles, this vehicle is practically new. It comes equipped with a dual-zone HVAC system with front control and air conditioning, ensuring a comfortable environment. The Fisker Premium Sound system provides an immersive audio experience, while FI-Pilot Virtual View, including a 360-degree camera, makes parking and manoeuvring simple. App as Key offers keyless entry for added convenience, and a wireless phone charging pad keeps your devices powered on the go. This particular model stands out with its impressive battery capabilities. The 73 kWh battery offers a maximum range of 288 miles when new, meaning fewer stops on long journeys. When you do need to charge, the fast public charging time of just 35 minutes to reach 80% capacity ensures you're back on the road quickly. In addition, the large boot space makes this vehicle more practical than similar vehicles, offering ample room for luggage, shopping, or equipment.
