The 2022 Polestar 2 Standard Range is an all-electric car that combines sleek design with practical features. This model comes equipped with Apple CarPlay, ensuring seamless smartphone integration for navigation, communication, and entertainment. The comfort of both driver and passenger is enhanced by the inclusion of 2-zone climate control, allowing for individual temperature settings. Semi-electric front seats, complete with a driver's seat memory function, provide personalised support, while heated front seats offer additional warmth during colder months. Manoeuvring is made easier and safer with the rear-view camera, which provides a clear view of the area behind the vehicle. With a battery capacity of 69 kWh, this Polestar 2 offers a maximum range of 297 miles when new, making it ideal for both daily commutes and longer journeys. Charging at home using a 7kW charger takes approximately 11 hours for a full charge. For those needing a quicker top-up, the car supports rapid public charging, achieving an empty to 80% charge in just 36 minutes. Acceleration from 0-60mph happens in 7.0 seconds, demonstrating its responsive performance. The car also boasts a large boot space, making it more practical than similar vehicles in its class.
