color:

Mileage:

48632

Transmission:

Automatic

Price:

£16,058.00

Registration:

SG21XUE

Fuel:

Electric

With only one previous owner, this 2021 Tesla Model 3 Standard Range Plus is an excellent choice. As an electric car, this Model 3 boasts a 53 kWh battery, offering a manufacturer-quoted range of up to 278 miles when new. The Standard Range Plus trim includes LED headlights for enhanced visibility, and parking is made easier with the park assist camera, including a front camera. The vehicle also features blind spot information to keep you safe, plus air conditioning and 12-way power-adjustable heated seats for both front and rear passengers, ensuring a comfortable ride for everyone. Charging at home using a 7kW charger takes approximately 7 hours and 10 minutes, while the fastest public charging can take the battery from empty to 80% in just 29 minutes. The large boot offers a significant amount of storage, making this vehicle more practical than similar vehicles.
